

Price Waterhouse Chartered Accountants LLP

Independent Auditors' Report

To the Members of Yarrow Infrastructure Private Limited

Report on the Audit of the Financial Statements

Opinion

1. We have audited the accompanying financial statements of Yarrow Infrastructure Private Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2024, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and notes to the financial statements, including material accounting policy information and other explanatory information.
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, and total comprehensive income (comprising of profit and other comprehensive income), changes in equity and its cash flows for the year then ended.

Basis for opinion

3. We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the "Auditors' responsibilities for the audit of the financial statements" section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

4. Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matter	How our audit addressed the key audit matter
Assessment of change in useful life of plant and equipment Refer note 4 and note 33 to the financial statements. During the year, the Company has reviewed the estimated useful life of plant and equipment (comprising of solar plant assets and related equipments) having a carrying value of Rs. 5,436.11 million as at April 1, 2023, and revised it upwards from 25 years to 30 years. This change in the accounting	Our audit procedures included the following: • Obtained an understanding, evaluated the design and tested the operating effectiveness of the key controls in the property, plant and equipment process, including those related to review of the estimates of useful life. • Assessed the competence and objectivity of the independent external technical consultants engaged by the management to determine the useful life of the plant and equipment. • Evaluated the reasonableness of the technical

Report on the Audit of the Financial Statements

Page 2 of 5

estimate has been given impact prospectively in the financial statements in accordance with Ind AS 16 'Property, Plant and Equipment' and the said plant and equipment are now being depreciated over the revised remaining useful life. This has resulted in a lower depreciation expense for the year ended March 31, 2024 as compared to prior years.

The Company's management engaged independent external technical consultants to determine the useful life of plant and equipment.

In view of the significant estimates and judgements involved in determination of the revised useful life of the plant and equipment, we have determined this to be a key audit matter.

assessment with respect to useful life of plant and equipment and tested the key assumptions underlying the estimates.

- Checked the mathematical accuracy of the computations with respect to the impact of change in the useful life of plant and equipment impacting its carrying value and the depreciation expense.
- Assessed adequacy and appropriateness of the presentation and disclosures in the financial statements in this regard.

Based on the audit procedures performed as above, we found the management's assessment with respect to the upward revision in useful life of plant and equipment and the related disclosures in the financial statements to be reasonable.

Other information

5. The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the financial statements and our auditors' report thereon. The Annual report is expected to be made available to us after the date of this auditors' report. Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the Annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take appropriate action as applicable under the relevant laws and regulations.

Responsibilities of management and those charged with governance for the financial statements

6. The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Independent Auditors' Report

To the Members of Yarrow Infrastructure Private Limited
Report on the Audit of the Financial Statements

Page 3 of 5

7. In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' responsibilities for the audit of the financial statements

8. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.
9. As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
 - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
 - Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
10. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
11. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
12. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Page 4 of 5

Other matter

13. The financial statements of the Company for the year ended March 31, 2023, were audited by another firm of chartered accountants under the Act who, vide their report dated May 19, 2023, expressed an unmodified opinion on those financial statements.

Report on other legal and regulatory requirements

14. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the Annexure B a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
15. As required by Section 143(3) of the Act, we report that:
- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books, except that the backup of books of account and other books and papers maintained in electronic mode has not been maintained on a daily basis on servers physically located in India during the period April 1, 2023 to June 30, 2023 and for the matters stated in paragraph 15(h)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 (as amended).
 - (c) The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act.
 - (e) On the basis of the written representations received from the directors as on March 31, 2024, taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024, from being appointed as a director in terms of Section 164(2) of the Act.
 - (f) With respect to the maintenance of accounts and other matters connected therewith, reference is made to our remarks in paragraph 15(b) above on reporting under Section 143(3)(b) and paragraph 15(h)(vi) below on reporting under Rule 11(g) of the Rules.
 - (g) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".
 - (h) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company does not have any pending litigations which would impact its financial position.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company during the year ended March 31, 2024.

Independent Auditors' Report

To the Members of Yarrow Infrastructure Private Limited
Report on the Audit of the Financial Statements

- iv. (a) The management has represented that, to the best of its knowledge and belief, as disclosed in the note 43(g)(1) to the financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- (b) The management has represented that, to the best of its knowledge and belief, as disclosed in the note 43(g)(2) to the financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
- (c) Based on such audit procedures that we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.
- v. The Company has not declared or paid any dividend during the year.
- vi. Based on our examination, which included test checks, the Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and that has operated throughout the year for all relevant transactions recorded in the software, except that the audit trail (a) is not maintained at the application level in case of modification, if any, by users with specific access rights; and (b) was not enabled to capture any direct changes at the database level. During the course of performing our procedures, in respect of the audit trail feature enabled, we did not notice any instance of the audit trail feature being tampered with. Also, refer note 44 to the financial statements.

16. The Company has not paid/provided for the managerial remuneration during the year ended March 31, 2024.

Report on the Internal Financial Controls with reference to Financial Statements under clause (i) of sub-section 3 of Section 143 of the Act

1. We have audited the internal financial controls with reference to financial statements of Yarrow Infrastructure Private Limited ("the Company") as of March 31, 2024 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's responsibility for internal financial controls

2. The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing deemed to be prescribed under Section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of internal financial controls with reference to financial statements

6. A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the

Annexure A to Independent Auditors' Report

Referred to in paragraph 15(g) of the Independent Auditors' Report of even date to the Members of Yarrow Infrastructure Private Limited on the Financial Statements as of and for the year ended March 31, 2024
Page 2 of 2

company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent limitations of internal financial controls with reference to financial statements

7. Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by ICAI.

Annexure B to Independent Auditors' Report

Referred to in paragraph 14 of the Independent Auditors' Report of even date to the Members of Yarrow Infrastructure Private Limited on the Financial Statements as of and for the year ended March 31, 2024
Page 1 of 5

In terms of the information and explanations sought by us and furnished by the Company, and the books of account and records examined by us during the course of our audit, and to the best of our knowledge and belief, we report that:

- i. (A) The Company is maintaining proper records showing full particulars, including quantitative details and situation, of property, plant and equipment.

(B) The Company does not have any intangible assets and accordingly, reporting under clause 3(i)(a)(B) of the Order is not applicable to the Company.
- (b) The property, plant and equipment of the Company have been physically verified by the management during the year and no material discrepancies have been noticed on such verification. In our opinion, the frequency of verification is reasonable.
- (c) The Company does not own any immovable properties (Refer note 4 to the financial statements). Accordingly, reporting under clause 3(i)(c) of the Order is not applicable to the Company.
- (d) The Company has chosen cost model for its property, plant and equipment (including right-of-use assets). Consequently, the question of our commenting on whether the revaluation is based on the valuation by a Registered Valuer, or specifying the amount of change, if the change is 10% or more in the aggregate of the net carrying value of each class of property, plant and equipment (including right-of-use assets) does not arise.
- (e) Based on the information and explanations furnished to us, no proceedings have been initiated on (or) are pending against the Company for holding benami property under the Prohibition of Benami Property Transactions Act, 1988 (as amended in 2016) (formerly the Benami Transactions (Prohibition) Act, 1988 (45 of 1988)) and Rules made thereunder, and therefore the question of our commenting on whether the Company has appropriately disclosed the details in the financial statements does not arise.
- ii. (a) The physical verification of inventory has been conducted at reasonable intervals by the management during the year and, in our opinion, the coverage and procedure of such verification by management is appropriate. The discrepancies noticed on physical verification of inventory as compared to book records were not 10% or more in aggregate for each class of inventory.
- (b) During the year, the Company has not been sanctioned working capital limits in excess of Rs. 5 crores, in aggregate from banks and financial institutions on the basis of security of current assets and accordingly, the question of our commenting on whether the quarterly returns or statements are in agreement with the unaudited books of account of the Company does not arise.
- iii. (a) The Company has not made any investments (except in unquoted mutual funds), or stood guarantee, or provided security to any parties. The Company has granted unsecured loans to one company. The aggregate amount during the year, and balance outstanding at the Balance Sheet date with respect to such loans to parties other than subsidiaries, joint ventures and associates are as per the table given below:

Annexure B to Independent Auditors' Report

Referred to in paragraph 14 of the Independent Auditors' Report of even date to the Members of Yarrow Infrastructure Private Limited on the Financial Statements as of and for the year ended March 31, 2024
Page 2 of 5

(Amount in Rs. millions)

	Guarantees	Security	Loans	Advances in nature of loans
Aggregate amount granted/ provided during the year				
- Subsidiaries	-	-	-	-
- Joint ventures	-	-	-	-
- Associates	-	-	-	-
- Others	-	-	994.70	-
Balance outstanding as at Balance Sheet date in respect of the above case				
- Subsidiaries	-	-	-	-
- Joint ventures	-	-	-	-
- Associates	-	-	-	-
- Others	-	-	994.70	-

(Also, refer note 5 to the financial statements)

- (b) In respect of the aforesaid loans, the terms and conditions under which such loans were granted are not prejudicial to the Company's interest.
- (c) In respect of the loans, the schedule of repayment of principal and payment of interest has been stipulated, and the parties are repaying the principal amounts, as stipulated, and are also regular in payment of interest as applicable.
- (d) In respect of the loans, there is no amount which is overdue for more than ninety days.
- (e) There were no loans which have fallen due during the year and were renewed/extended. Further, no fresh loans were granted to same parties to settle the existing overdue loans.
- (f) The loans granted during the year, including to related parties had stipulated the scheduled repayment of principal and payment of interest and the same were not repayable on demand.
- iv. The Company has not granted any loans or made any investments or provided any guarantees or security to the parties covered under Sections 185 and 186 of the Act. Therefore, the reporting under clause 3(iv) of the Order are not applicable to the Company.
- v. The Company has not accepted any deposits or amounts which are deemed to be deposits referred in Sections 73, 74, 75 and 76 of the Act and the Rules framed there under.
- vi. Pursuant to the rules made by the Central Government of India, the Company is required to maintain cost records as specified under Section 148(1) of the Act in respect of its services. We have broadly reviewed the same and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. We have not, however, made a detailed examination of the records with a view to determine whether they are accurate or complete.

Annexure B to Independent Auditors' Report

Referred to in paragraph 14 of the Independent Auditors' Report of even date to the Members of Yarrow Infrastructure Private Limited on the Financial Statements as of and for the year ended March 31, 2024
Page 3 of 5

- vii. (a) In our opinion, the Company is regular in depositing the undisputed statutory dues, including goods and services tax, provident fund, employees' state insurance, income tax, duty of customs and other material statutory dues, as applicable, with the appropriate authorities.
- (b) There are no statutory dues referred to in sub-clause (a) which have not been deposited on account of any dispute.
- viii. There are no transactions previously unrecorded in the books of account that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961.
- ix. (a) The Company has not defaulted in repayment of loans or other borrowings or in the payment of interest to any lender during the year.
- (b) On the basis of our audit procedures, we report that the Company has not been declared Wilful Defaulter by any bank or financial institution or government or any government authority.
- (c) The Company has not obtained any term loans. Accordingly, reporting under clause 3(ix)(c) of the Order is not applicable to the Company.
- (d) According to the information and explanations given to us, and the procedures performed by us, and on an overall examination of the financial statements of the Company, the Company has not raised funds on short-term basis. Accordingly, reporting under clause 3(ix)(d) of the Order is not applicable to the Company.
- (e) According to the information and explanations given to us and procedures performed by us, we report that the Company did not have any subsidiaries, joint ventures or associate companies during the year. Accordingly, reporting under clause 3(ix)(e) of the Order is not applicable to the Company.
- (f) According to the information and explanations given to us and procedures performed by us, we report that the Company did not have any subsidiaries, joint ventures or associate companies during the year. Accordingly, reporting under clause 3(ix)(f) of the Order is not applicable to the Company.
- x. (a) The Company has not raised any money by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, the reporting under clause 3(x)(a) of the Order is not applicable to the Company.
- (b) The Company has not made any preferential allotment or private placement of shares or fully or partially or optionally convertible debentures during the year. Accordingly, the reporting under clause 3(x)(b) of the Order is not applicable to the Company.
- xi. (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, we have neither come across any instance of material fraud by the Company or on the Company, noticed or reported during the year, nor have we been informed of any such case by the management.
- (b) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, a report under Section 143(12) of the Act, in Form ADT-4, as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 was not required to be filed with the Central Government. Accordingly, the reporting under clause 3(xi)(b) of the Order is not applicable to the Company.

Annexure B to Independent Auditors' Report

Referred to in paragraph 14 of the Independent Auditors' Report of even date to the Members of Yarrow Infrastructure Private Limited on the Financial Statements as of and for the year ended March 31, 2024
Page 4 of 5

- (c) During the course of our examination of the books and records of the Company carried out in accordance with the generally accepted auditing practices in India, and as represented to us by the management, no whistle-blower complaints have been received during the year by the Company. Accordingly, the reporting under clause 3(xi)(c) of the Order is not applicable to the Company.
- xii. As the Company is not a Nidhi Company and the Nidhi Rules, 2014 are not applicable to it, the reporting under clause 3(xii) of the Order is not applicable to the Company.
- xiii. The Company has entered into transactions with related parties in compliance with the provisions of Sections 177 and 188 of the Act. The details of related party transactions have been disclosed in the financial statements as required under Indian Accounting Standard 24 "Related Party Disclosures" specified under Section 133 of the Act.
- xiv. (a) The internal audit of the Company is covered under the group internal audit pursuant to which an internal audit is carried out every year. In our opinion, the Company's internal audit system is commensurate with the size and nature of its business.
- (b) The reports of the Internal Auditor for the period under audit have been considered by us.
- xv. In our opinion, the Company has not entered into any non-cash transactions with its directors or persons connected with him. Accordingly, the reporting on compliance with the provisions of Section 192 of the Act under clause 3(xv) of the Order is not applicable to the Company.
- xvi. (a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under clause 3(xvi)(a) of the Order is not applicable to the Company.
- (b) The Company has not conducted non-banking financial / housing finance activities during the year. Accordingly, the reporting under clause 3(xvi)(b) of the Order is not applicable to the Company.
- (c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, the reporting under clause 3(xvi)(c) of the Order is not applicable to the Company.
- (d) Based on the information and explanations provided by the management of the Company, the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) does not have any CICs other than the Company. We have not, however, separately evaluated whether the information provided by the management is accurate and complete.
- xvii. The Company has not incurred any cash losses in the financial year or in the immediately preceding financial year.
- xviii. There has been resignation of the statutory auditors during the year and we noted no issues, objections or concerns raised by the outgoing statutory auditors.
- xix. On the basis of the financial ratios (Also refer note 43(n) to the financial statements), ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of Balance Sheet as and when they fall due within a period of one year from the Balance

Annexure B to Independent Auditors' Report

Referred to in paragraph 14 of the Independent Auditors' Report of even date to the Members of Yarrow Infrastructure Private Limited on the Financial Statements as of and for the year ended March 31, 2024
Page 5 of 5

Sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the Balance Sheet date will get discharged by the Company as and when they fall due.

- xx. As at Balance Sheet date, the Company does not have any amount remaining unspent under Section 135(5) of the Act. Accordingly, reporting under clause 3(xx) of the Order is not applicable.
- xxi. The reporting under clause 3(xxi) of the Order is not applicable in respect of audit of Standalone Financial Statements. Accordingly, no comment in respect of the said clause has been included in this report.

YARROW INFRASTRUCTURE PRIVATE LIMITED

Notes to the financial statements for the year ended March 31, 2024

(All amounts in Indian Rupees millions, unless otherwise stated)

1. Background

Yarrow Infrastructure Private Limited ('YIPL' or 'the Company') is a company domiciled in India, with its registered office at 5th Floor, Building No. 7A, DLF Cybercity, Gurugram, Haryana - 122002. The Company is a subsidiary of Vector Green New Energies Private Limited ("VGNEPL") and is focused on generation of solar energy.

The Company is having an operational capacity of 120 MW in solar energy projects in the state of Rajasthan and Karnataka. The generated power from plants is sold to the State Electricity Boards as per the Power Purchase Agreements ("PPA").

The Company is a 100% step-down subsidiary of Vector Green Energy Private Limited ("VGEPL") which was acquired on January 10, 2023 by Green Infra Wind Energy Private Limited (formerly known as Green Infra Wind Energy Limited).

2. Basis of preparation of financial statements

a) Compliance with Ind AS

The financial statements comply in all material aspects with the Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act.

These financial statements have been prepared by the Company on a going concern on the basis of relevant Ind AS that are effective at the Company's annual reporting date, i.e., March 31, 2024.

The Company's current liabilities exceeds its current assets as at the Balance Sheet date. The Company has operational support and adequate funding arrangements available from Green Infra Wind Energy Private Limited (formerly known as Green Infra Wind Energy Limited), the intermediate holding company, to meet its financial obligations as and when required. Accordingly, the management considers that it is appropriate to prepare these financial statements on a going concern basis, which assumes that the Company will continue in operational existence for the foreseeable future. Accordingly, the assets and liabilities are recorded on the basis that the Company will be able to use or realise its assets at least at the recorded amounts and discharge its liabilities in the usual course of business.

The financial statements were authorised for issue by the Company's Board of Directors on May 16, 2024.

b) Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The financial statements are presented in Indian Rupee (Rs.) rounded off to the nearest million to two decimal places except when otherwise indicated, which is the functional and presentation currency of the Company.

c) Historical cost convention

The financial statements have been prepared on a historical cost basis, except for the following assets and liabilities which have been measured at fair value:

- Certain financial assets and liabilities is measured at fair value, and
- Financial instruments comprising mutual funds.

d) New and amended standards adopted by the Company

The Ministry of Corporate Affairs had vide notification dated March 31, 2023 notified Companies (Indian Accounting Standards) Amendment Rules, 2023 which amended certain accounting standards, and are effective April 1, 2023. The Rules predominantly amend Ind AS 12, Income taxes, and Ind AS 1, Presentation of financial statements. The other amendments to Ind AS notified by these Rules are primarily in the nature of clarifications. These amendments did not have any impact on the amounts recognised in prior periods and are not expected to significantly affect the current or future periods.

YARROW INFRASTRUCTURE PRIVATE LIMITED

Notes to the financial statements for the year ended March 31, 2024

(All amounts in Indian Rupees millions, unless otherwise stated)

e) Use of estimates and judgements

The preparation of the financial statements in conformity with Ind AS requires the management to make estimates, judgements and assumptions. These estimates, judgements and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities as at the date of the financial statements and reported amounts of revenue and expenses during the period. Application of accounting policies that require critical accounting estimates involving complex and subjective judgements and the use of assumptions in these financial statements have been disclosed in note 33. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as the management becomes aware of those estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made, if material, their effects are disclosed in the notes to the financial statements.

3. Material accounting policies

a) Revenue recognition

The Company is engaged in the generation and supply of power and revenue from operations are primarily from revenue from power generation.

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold and services rendered is net of variable consideration on account of various discounts and schemes offered by the Company as part of the contract. When there is uncertainty as to measurement or ultimate collectability of revenue, recognition is postponed until such uncertainty is resolved.

Contract assets

A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Company fulfils its performance obligation by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional.

Trade receivables

A receivable represents the Company's right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due).

Contract liabilities

A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognised. Contract liabilities in respect of advances from customers is disclosed under "other current liabilities". Contract liabilities are recognised as revenue when the Company performs the obligation under the contract.

Revenue from power generation

Revenue from the generation and supply of power is recognised on the supply of net units generated from the plant to the Grid, as per the terms of the respective Power Purchase Agreements ("PPA") entered into with such user.

Unbilled receivables represent the gross unbilled amount expected to be realised from the customers for power units supplied up to the reporting date and is measured and accounted as per the contractual terms under agreements entered with the customers. The Company has unconditional right to receive the cash, and only act of invoicing is pending as on Balance Sheet date, as per contractual terms.

Revenue/charges from unscheduled interchange for the deviation in generation with respect to scheduled generation are recognised/charged at rates notified by Central Electricity Regulatory Commission ('CERC') from time to time as revenue from power generation/adjusted with revenue from power generation.

YARROW INFRASTRUCTURE PRIVATE LIMITED

Notes to the financial statements for the year ended March 31, 2024

(All amounts in Indian Rupees millions, unless otherwise stated)

Interest income

Interest income is recognised using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial assets. When calculating the EIR, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses.

Claims

Claims i.e. late payment interest/surcharge recoverable from customer, insurance claims and liquidated damages, are accounted for to the extent the Company is reasonably certain of their ultimate collection.

b) Borrowings

After initial recognition, interest-bearing borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in the Statement of Profit and Loss when the liabilities are derecognised. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance costs in the Statement of Profit and Loss.

c) Borrowing costs

Borrowing costs comprise interest expense on borrowings and other borrowing costs. Borrowing costs that are not directly attributable to the acquisition, construction or production of a qualifying asset are recognised in the Statement of Profit and Loss in the period in which they are incurred.

Interest expense on borrowings is recorded using the effective interest rate (EIR). EIR is the rate that discounts the estimated future cash outflows over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial liabilities. When calculating the EIR, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses.

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

Interest income earned on temporary investment of specific borrowing pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

d) Property, plant and equipment

Recognition and measurement

Freehold land is carried at historical cost. All other items of property, plant and equipment are measured at cost less accumulated depreciation and accumulated impairment losses, if any. The cost comprises its purchase price, freight, duties, borrowing cost if capitalisation criteria are met and includes expenditure that is directly attributable to bring the assets to its working condition for intended use, and the estimated costs of dismantling and removing the items and restoring the site on which they are located. Any trade discounts and rebates are deducted in arriving at the purchase price.

The cost of self-constructed assets includes the cost of materials and direct services, any other costs (net of taxes) directly attributable to bringing the assets to its working condition for their intended use, and the estimated costs of dismantling and removing the items and restoring the site on which they are located. Property, plant and equipment under construction are disclosed as capital work-in-progress. Software that is integral to the functionality of the related equipment is capitalised as part of that equipment.

Subsequent costs

The cost of replacing a part of an item of property, plant and equipment is recognised in the carrying amount of the item of property, plant and equipment, if it is probable that the future economic benefits embodied within the part will flow to the Company and its cost can be measured reliably. The carrying amount of any component accounted for as a separate

YARROW INFRASTRUCTURE PRIVATE LIMITED**Notes to the financial statements for the year ended March 31, 2024****(All amounts in Indian Rupees millions, unless otherwise stated)**

asset is derecognised when replaced. The cost for day-to-day servicing of property, plant and equipment are recognised in the Statement of Profit and Loss as and when incurred.

Depreciation

Depreciation commences when an asset is ready for its intended use. Freehold land and assets held for sale is not depreciated.

Depreciation is provided on the straight-line method based on the useful life as specified in Schedule II to the Act, except in respect of the following category of assets, in whose case the estimated useful life of the assets has been assessed based on technical assessment, taking into account the nature of asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, maintenance, residual value etc.

Category	Useful life as per Schedule II	Useful life considered
Renewable energy plants	25 years	30 years
Site equipments (included in plant and equipments)	15 years	3-18 years
Furniture and fixtures	10 years	5 years

Leasehold improvements are amortised over the lease term including the optional period, if any, available to the Company, where it is reasonably certain at the inception of lease that such option would be exercised by the Company.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year-end and adjusted prospectively, if appropriate.

Derecognition

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use. Any gain or loss arising on the retirement or disposal of property, plant and equipment are determined as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss on the date of retirement or disposal.

More than 5 years	221.79	244.97

The amount recognised in the Statement of Profit and Loss for the right-of-use assets and lease liabilities are as follows:

Particulars	For the year ended March 31, 2024	For the year ended March 31, 2023
Depreciation of right-of-use assets	19.31	19.22
Interest on lease liabilities	10.82	10.80

Lease contracts entered by the Company majorly pertains to land taken on lease to conduct its business in the ordinary course. The Company does not have any lease restrictions and commitment towards variable rent as per the lease contracts. These lease are used to maximise operational flexibility in terms of managing the assets used in the Company's operations. The extension and termination options held are exercisable by mutual consent. The Company does not provide any residual value guarantees in relation to the leases. The total cash outflow for the year ended March 31, 2024 for leases is Rs. 9.81 million (March 31, 2023: Rs. 9.67 million).

Nature and purpose of other equity**Capital contribution**

In earlier years, the Company had made various changes in the terms of instruments to waive the guaranteed return/interest to be paid to equity shareholders. Hence, interest liabilities which were not paid subsequently had been accounted as capital contribution as such benefits had been forgone by the holder in the capacity as shareholder of the Company. Further, the Company had made various changes in the terms of debentures for the deferment of interest payable on due dates to debenture holder. Since, these deferments of interest were agreed by the debenture holder in the capacity as shareholder, the difference between the present value of interest payable as per due dates and deferred payment dates was recognised as capital contribution in other equity. Subsequently, the Company had paid interest early which was deferred earlier, the benefits of deferred interest payment were not taken by the debenture holder and adjustment for the same had been made in the value of capital contribution.

Securities premium

Securities premium is created to record the premium received on issue of shares. It is utilised in accordance with the provisions of the Companies Act, 2013.

Capital redemption reserve

Capital redemption reserve represents amounts set aside out of retained earnings for redemption of preference shares in 2016-17 of certain subsidiaries in accordance with Section 55 of the Companies Act, 2013

Debenture redemption reserve

Debenture redemption reserve represents amounts set aside out of retained earnings during the year for redemption of debentures issued in accordance with Section 71 of the Companies Act, 2013.

Retained earnings

Retained earnings mainly represents all current and prior year profits as disclosed in the Statement of Profit and Loss less dividend distribution and transfers to general reserve, debenture redemption reserve and capital redemption reserve.

Other items of other comprehensive income

Remeasurements of post-employment benefit obligations represents remeasurement gain/(loss) relating to post-employment benefit obligations based on actuarial valuation.

	5,024.12	273.82

Subnote for terms and conditions of borrowings**1. 5,810, 6.49% Non-convertible debentures (NCDs) (Listed)**

The Company on July 1, 2021 issued 5,810 listed, secured, rated, redeemable, non-cumulative, taxable, non-convertible debentures (NCDs), of face value of Rs. 1.00 million each at a coupon rate of 6.49% per annum payable quarterly, at par aggregating to Rs. 5,810.00 million on private placement basis. The NCDs have maturity of 3 years from the date of issue with structured quarterly redemption. The NCDs are listed on the Wholesale Debt Market (WDM) segment of BSE Limited.

The NCDs issued by the Company are secured by the way of:

- first ranking pari passu charge and hypothecation on the Company's movable assets both present and future;
- first ranking pari passu charge over all accounts and all other bank accounts including the Trust and Retention Account ("TRA") and the sub-accounts thereof and on all revenues and receivables, existing TRA accounts, the book debts, the operating cash flows, all other commissions and revenues and cash and all investments of the Issuer, both present and future (excluding distribution account and monies lying there in and excluded assets);
- a first charge on all current assets and intangible assets of the Issuer, both present and future (except excluded assets);
- a first charge and assignment, by way of security, in all the rights, title, interests, benefits, claims and demands whatsoever of the Issuer in the O&M Contract and under all Insurance Contracts, both present and future;
- pledge by the Pledgors over the Pledged Securities;
- unconditional and irrevocable corporate guarantee provided by each of the Other entities (Other entities include Citra Real Estate Limited, Sepset Constructions Limited, Vector Green Prayagraj Solar Private Limited, Malwa Solar Power Generation Private limited Limited and Priapus Infrastructure Limited); and
- a first charge created by the Other entities over Other entities cash surplus.

2. Unsecured debentures

The debentures are carrying interest of 16% p.a. payable annually and issued for a period of 25 years. These debentures shall be converted any time before the expiry of the term at the option of debentures holder. Conversion shall be at higher of fair market value of equity shares of the Company as on date of conversion and fair market value of equity shares of the Company as on date of issuance.

- 57,957,719 numbers of 16 % Compulsory convertible debentures ("CCDs") Series A of face value of Rs. 10 each

- 60,323,341 numbers of 16 % Compulsory convertible debentures ("CCDs") Series B of face value of Rs. 10 each

Subsequent to the year, vide Board of Directors resolution dated April 05, 2024, the Company has changed terms of the debentures to convert these debentures into non-convertible debentures, while other terms and conditions remain the same.

22. Revenue from operations

	For the year ended March 31, 2024	For the year ended March 31, 2023
Revenue from power generation	1,172.81	1,220.32
	1,172.81	1,220.32

YARROW INFRASTRUCTURE PRIVATE LIMITED

Notes to the financial statements for the year ended March 31, 2024

(All amounts in Indian Rupees millions, unless otherwise stated)

a. Reconciliation of revenue from power generation recognised with the contract price is as follows:

	For the year ended March 31, 2024	For the year ended March 31, 2023
Contract price	1,214.78	1,239.13
Adjustments for:		
Rebate to customers	(13.86)	(12.37)
Deviation settlement charges	(28.11)	(6.44)
Revenue from power generation	<u>1,172.81</u>	<u>1,220.32</u>

b. Transaction price - Remaining performance obligation

The remaining performance obligation disclosure provides the aggregate amount of the transaction price yet to be recognised as at the end of the reporting period and an explanation as to when the Company expects to recognise these amounts in revenue. Applying the practical expedient as given in Ind AS 115, the Company has not disclosed the remaining performance obligation related disclosures for contracts as the revenue recognised corresponds directly with the value to the customer of the entity's performance completed to date.

23. Other income

	For the year ended March 31, 2024	For the year ended March 31, 2023
Interest on		
- bank deposits	7.26	8.36
- loans to related parties (refer note 38)	178.76	117.87
- others (includes interest on income tax refund)	0.55	1.73
Net gain on fair valuation of financial assets: FVTPL	5.16	1.52
Net gain on sale of mutual funds	20.15	27.84
Insurance claims received	6.33	2.84
Miscellaneous income	6.53	0.08
	<u>224.74</u>	<u>160.24</u>

24. Employee benefits expense

	For the year ended March 31, 2024	For the year ended March 31, 2023
Salaries, allowance and bonus	4.37	4.73
Contribution to provident and other funds	0.17	-
Staff welfare expenses	0.01	-
	<u>4.55</u>	<u>4.73</u>

25. Finance costs

	For the year ended March 31, 2024	For the year ended March 31, 2023
Interest on		
- listed non-convertible debentures	350.81	356.05
- compulsory convertible debentures from related parties (refer note 38)	189.25	189.25
Unwinding of discount on provision for asset retirement obligation	2.02	-
Interest on lease liabilities (refer note 4)	10.82	10.80
Bank charges	1.77	-
Other borrowing costs	8.67	122.27
	<u>563.34</u>	<u>678.37</u>

26. Depreciation and amortisation expense

	For the year ended March 31, 2024	For the year ended March 31, 2023
Depreciation of property, plant and equipment (refer note 4)	212.84	245.84
Depreciation of right-of-use assets (refer note 4)	19.31	19.22
	<u>232.15</u>	<u>265.06</u>

27. Impairment loss on financial assets (net)

	For the year ended March 31, 2024	For the year ended March 31, 2023
Allowance for expected credit loss (refer note 35)	0.01	-

(All amounts in Indian Rupees millions, unless otherwise stated)

32. Financial instruments - Fair value measurements

The applicable carrying value and fair value of various financial assets and liabilities has been categorised as follows:

As at March 31, 2024:

Particulars	Carrying amount				Fair value			
	FVTPL	FVOCI	Amortised cost	Total	Level 1	Level 2	Level 3	Total
Financial assets measured at fair value								
Investments in mutual funds	361.11	-	-	361.11	361.11	-	-	361.11
Financial assets not measured at fair value								
Trade receivables	-	-	114.47	114.47	-	-	-	-
Cash and cash equivalents	-	-	3.03	3.03	-	-	-	-
Bank balances other than cash and cash equivalents	-	-	43.36	43.36	-	-	-	-
Loans	-	-	2,361.77	2,361.77	-	-	-	-
Other financial assets	-	-	529.36	529.36	-	-	-	-
Total	361.11	-	3,051.99	3,413.10	361.11	-	-	361.11
Financial liabilities not measured at fair value								
Borrowings	-	-	6,206.93	6,206.93	-	-	-	-
Trade payables	-	-	56.01	56.01	-	-	-	-
Other financial liabilities	-	-	28.73	28.73	-	-	-	-
Total	-	-	6,291.67	6,291.67	-	-	-	-

As at March 31, 2023:

Particulars	Carrying amount				Fair value			
	FVTPL	FVOCI	Amortised cost	Total	Level 1	Level 2	Level 3	Total
Financial assets measured at fair value								
Investments in mutual funds	278.65	-	-	278.65	278.65	-	-	278.65
Financial assets not measured at fair value								
Trade receivables	-	-	218.00	218.00	-	-	-	-
Cash and cash equivalents	-	-	5.28	5.28	-	-	-	-
Bank balances other than cash and cash equivalents	-	-	48.90	48.90	-	-	-	-
Loans	-	-	2,020.48	2,020.48	-	-	-	-

Trade payables	-	-	41.72	41.72	-	-	-	-
Other financial liabilities	-	-	13.17	13.17	-	-	-	-
Total	-	-	6,535.54	6,535.54	-	-	-	-

Fair value hierarchy

All financial instruments for which fair value is recognised or disclosed are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1: Includes financial instruments measured using quoted prices. This includes mutual funds which are valued using the closing Net Assets Value (NAV).

Level 2: Valuation techniques for which the lowest level input that has a significant effect on the fair value measurement are observable, either directly or indirectly.

Level 3: Valuation techniques for which the lowest level input which has a significant effect on the fair value measurement is not based on observable market data.

There have been no transfers between level 1, level 2 and level 3 fair value hierarchy during the year.

Financial assets and liabilities measured at fair value as at the Balance Sheet date

1. The fair values of investments in mutual fund units is based on the Net Assets Value ('NAV') as stated by the issuers of these mutual fund units in the published statements as at Balance Sheet date. NAV represents the price at which the issuer will issue further units of mutual fund and the price at which issuers will redeem such units from the investors.

2. The carrying amounts of trade receivables, other financial assets, trade payables, borrowings, other financial liabilities and cash and cash equivalents are considered to be the same as their fair values, due to their short-term nature.

YARROW INFRASTRUCTURE PRIVATE LIMITED

Notes to the financial statements for the year ended March 31, 2024
(All amounts in Indian Rupees millions, unless otherwise stated)

33. Significant accounting judgements, estimates and assumptions

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company has based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

Information about significant areas of assumptions, estimation uncertainty and critical judgements in applying accounting policies that have the most significant effect on the amounts recognised in the financial statements are:

a. Impairment of non-financial assets

Determining whether property, plant and equipment are impaired requires an estimation of the value-in-use of the relevant cash generating units. The value-in-use calculation is based on a discounted cash flow model over the estimated useful life of the power plants. Further, the cash flow projections are based on estimates and assumptions relating to tariff, operational performance of the plants, life extension plans, exchange variations, inflation, terminal value etc. which are considered reasonable by the management.

b. Income tax and deferred tax

The Company is subject to income tax laws as applicable in India. Significant judgement is required in determining provision for income tax. There are many transactions and calculations for which the ultimate tax determination is uncertain during the ordinary course of business. The Company recognises liabilities for anticipated tax issues based on estimates of whether additional taxes will be due. Where the final tax outcome of these matters is different from the amounts that were initially recorded, such differences will impact the income tax and deferred tax provisions in the period in which such determination is made.

In assessing the realisability of deferred tax assets, management considers whether it is probable, that some portion, or all, of the deferred tax assets will not be realised. The ultimate realisation of deferred tax assets is dependent upon the generation of future taxable income during the periods in which the temporary differences become deductible. Management considers the projected future taxable income and tax planning strategies in making this assessment. Based on the level of historical taxable income and projections for future taxable incomes over the periods in which the deferred tax assets are deductible, management believes that it is probable that the Company will be able to realise the benefits of those deductible differences in future.

In an earlier year, the Government had introduced new tax regime to pay income tax at a concessional rate of 22% along with applicable surcharge and cess without availing specified deductions, incentives and tax holidays and also not be liable to pay MAT. The Company reviewed the projections of tax outflows to opt the best suitable tax structure basis the lower tax outflows under both new and existing tax structure and opted new tax structure.

c. Measurement of provision for asset retirement obligation

The Company estimates the expected amount that it may have to incur in respect of asset retirement where the Company has its projects/operations. The management obtains quotes from vendors in respect of the estimated expense that it may have to incur in this respect considering the term of Power Purchase Agreement, lease period and inflation.

During the year ended March 31, 2024, the Company has created an asset retirement obligation provision on the solar plant commissioned on leasehold land basis the remaining life of the plant amounting to Rs. 26.65 million.

YARROW INFRASTRUCTURE PRIVATE LIMITED

Notes to the financial statements for the year ended March 31, 2024
(All amounts in Indian Rupees millions, unless otherwise stated)

d. Useful lives of property, plant and equipment

The Company reviews the useful life of property, plant and equipment and intangible assets at the end of each reporting period. This reassessment may result in change in depreciation and amortisation expense in future periods.

During the year ended March 31, 2024, the management has carried out a review of its useful life of its solar plant assets and determined the revised useful life to be 30 years from 25 years based on technical assessment performed by an external consultant. This is considered as a change in accounting estimate and accounted prospectively from April 1, 2023 onwards. As a result of this change in the estimate, the depreciation expense for the year ended March 31, 2024 has reduced by Rs. 36.19 million compared to the previous year.

e. Leases

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgement. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate.

The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. In assessing whether the Company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Company to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Company revises the lease term if there is a change in the non-cancellable period of a lease. The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

f. Provisions and contingent liabilities

The Company estimates the provisions that have present obligations as a result of past event, and it is probable that outflow of resources will be required to settle the obligations. These provisions are reviewed at the end of each reporting period and are adjusted to reflect the current best estimates.

The Company uses significant judgements to disclose contingent liabilities. Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

34. Capital management

The Company manages its capital to ensure that the Company will be able to continue as a going concern while maximising the return to stakeholders through efficient allocation of capital towards expansion of business, optimisation of working capital requirements and deployment of surplus funds into various investment options.

The capital structure of the Company consists of borrowings and total equity of the Company. As at March 31, 2024, the Company has complied with the financial covenants as mentioned under the terms of borrowings.

The management of the Company reviews the capital structure of the Company on regular basis. As part of this review, the Board of Directors considers the cost of capital and the risks associated with the movement in the working capital.

35. Financial risk management

The management has overall responsibility for the establishment and oversight of the Company's risk management framework. Financial risk management is governed by policies and guidelines approved by the management.

The Company's risk management policies and procedures are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect any major change in market conditions or the Company's activities.

YARROW INFRASTRUCTURE PRIVATE LIMITED**Notes to the financial statements for the year ended March 31, 2024****(All amounts in Indian Rupees millions, unless otherwise stated)**

The Company's principal financial assets include trade receivables, cash and cash equivalents, loans, investments, security deposits, etc. that are derived directly from operations. The principal financial liabilities of the Company include borrowings, trade payables, lease liabilities and other financial liabilities and the main purpose of these financial liabilities is to finance the day to day operations of the Company.

a. Credit risk

Credit risk refers to the risk of default on its obligation by the counterparty resulting in a financial loss.

Trade receivables

The maximum exposure to the credit risk at the reporting date is primarily from trade receivables which are typically unsecured. The Company assesses the creditworthiness of the customers internally to whom services are rendered on credit terms in the normal course of business.

The impairment analysis is performed for the balances that is past due at the end of each reporting date for which the Company uses a practical expedient by computing the expected loss allowance for the customer based on historical credit loss experience.

The movement in allowance for expected credit loss in respect of trade receivables is as follows:

Particulars	Allowance for expected credit loss	
	March 31, 2024	March 31, 2023
Trade receivables		
Balance at the beginning of the year	-	-
Movement in expected credit loss allowance	0.01	-
Balance at the end of the year	0.01	-

Other financial assets

The Company has a policy of only dealing with creditworthy counterparties as a means of mitigating the risk of financial loss from defaults. The Company's exposure and wherever appropriate, the credit ratings of its counterparties are continuously monitored and spread amongst various counterparties. Credit exposure is controlled by counterparty limits that are reviewed and approved by the management of the Company.

Financial instruments that are subject to concentrations of credit risk, principally consist of balances with banks and investments in mutual funds.

Credit risk on cash and cash equivalents and other bank balances is limited as the Company generally maintain deposits and bank balances with banks with high credit ratings assigned by credit rating agencies. Given the high credit ratings of these banks, the Company does not expect these banks to fail in meeting their obligations.

Credit risk arising from investments in mutual funds is limited and there is no collateral held against these because the counterparties are recognised financial institutions with high credit ratings assigned by the various credit rating agencies. The mutual funds are valued at market price prevailing at reporting date which represents the fair value.

Loans to fellow subsidiaries

The credit risk in unsecured loans in fellow subsidiaries are limited as these companies have healthy future cash flows and the management believes that there are no exposures to credit risk except as reported.

b. Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices comprise three types of risk: interest rate risk, foreign currency risk and investment risk.

The Company's activities expose it primarily to the financial risks of changes in interest rates/liquidity which impact returns on investments. Future specific market movements cannot be normally predicted with reasonable accuracy. The Company's exposure to and management of these risks are explained below.

YARROW INFRASTRUCTURE PRIVATE LIMITED

Notes to the financial statements for the year ended March 31, 2024
(All amounts in Indian Rupees millions, unless otherwise stated)

(i) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

For the interest-bearing assets, the income and operating cash flows are substantially independent of changes in market interest rates. The Company's long-term exposure to the risk of changes in market interest rates relates primarily to the Company's interest bearing debt obligations with floating interest rates, which are included in interest bearing borrowings in the financial statements. In addition to these borrowings, the Company invests in term deposits for a period of less than one year. Considering the short-term nature, there is no significant interest rate risk pertaining to these deposits.

At the reporting date, the Company does not have variable interest rate bearing debt obligations.

(ii) Foreign currency risk

The Company is not significantly exposed to currency risk as there is no mismatch between the currency in which revenue is generated and collected, purchase of goods and services and borrowings are denominated in the functional currencies of the Company, i.e. Indian Rupee and do not expose the Company to any currency risk.

(iii) Investment risk

The Company's unquoted mutual funds are susceptible to market price risk arising from uncertainties about future values of the investment securities. The Company manages the price risk through diversification and by placing limits on individual and total Instruments. Reports on the portfolio are submitted to the Company's senior management on a regular basis.

The Company is exposed to NAV (Net Assets Value) price risks arising from investments in these funds. The value of these investments is impacted by movements in interest rates, liquidity and credit quality of underlying securities.

NAV price sensitivity analysis

The sensitivity analyses have been determined based on the exposure to NAV price risks at the end of the reporting period. If NAV prices had been 1% higher/lower the profit for the year ended March 31, 2024 would increase/decrease by Rs. 3.61 million (for the year ended March 31, 2023: increase/decrease by Rs. 2.79 million).

c. Liquidity risk

The financial liabilities of the Company include borrowings, trade and other payables. The Company's principal sources of liquidity are cash and cash equivalents which includes term deposits and the cash flow that is generated from operations. The Company monitors its risk of shortage of funds to meet the financial liabilities using a liquidity planning tool.

The below is the detail of contractual maturities of the financial liabilities at the end of each reporting date:

Particulars	March 31, 2024	March 31, 2023
Long-term borrowings including current maturities (carrying amount)	6,206.93	6,480.65
Contractual cash flows of long-term borrowings including interest component		
0 - 1 year	5,298.46	814.68
1 - 5 years	946.25	5,863.25
More than 5 years	3,438.20	3,784.99
Trade payables (carrying amount)	56.01	41.72
Contractual cash flows of trade payables		
0 - 1 year	55.56	20.39
1 - 5 years	0.45	21.33
More than 5 years	-	-
Other financial liabilities (carrying amount)	28.73	13.17
Contractual cash flows of other financial liabilities		
0 - 1 year	28.73	13.17

YARROW INFRASTRUCTURE PRIVATE LIMITED

Notes to the financial statements for the year ended March 31, 2024
(All amounts in Indian Rupees millions, unless otherwise stated)

Particulars	March 31, 2024	March 31, 2023
1 - 5 years	-	-
More than 5 years	-	-

Refer note 4 for cash outflows under lease arrangements.

36. Gratuity plan

The Company provides for gratuity, which is a defined benefit plan covering all employees. Every employee gets gratuity on departure at 15 days salary (last drawn salary) for each completed year of service. The gratuity plan is an unfunded plan.

The present value of the obligation under such defined benefit plan, related current service cost and past service cost are determined based on an actuarial valuation done using the projected unit credit method by an independent actuary, which recognises each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation. The obligations are measured at the present value of the estimated future cash flows. The discount rate used for determining the present value of the obligation under defined benefit plan is based on the market yields on government bonds as at the date of actuarial valuation. Actuarial gains and losses (net of tax) are recognised in the other comprehensive income. The Company has a policy of getting the actuarial valuation done every reporting date basis. Accordingly, the disclosures have been made for the year ended March 31, 2024 and March 31, 2023.

The following table gives a summary of the components of net benefit expense recognised in the Statement of Profit and Loss and amounts recognised in the Balance Sheet.

Statement of Profit and Loss**Expense recognised in the Statement of Profit and Loss during the year**

Particulars	For the year ended March 31, 2024	For the year ended March 31, 2023
Current service cost	0.05	-
Interest cost on benefit obligation	-	-
Total expense for the year	0.05	-

Other comprehensive income (excluding tax)

Particulars	For the year ended March 31, 2024	For the year ended March 31, 2023
Remeasurement of post-employment benefit obligations	(0.12)	-

Balance sheet**Benefit asset/liability**

Particulars	March 31, 2024	March 31, 2023
Present value of defined benefit obligation	0.17	-

Changes in the present value of the defined benefit obligation are as follows:

Particulars	March 31, 2024	March 31, 2023
Opening defined benefit obligation	-	-
Interest cost	-	-
Current service cost	0.05	-
Benefits paid	-	-
Actuarial loss on obligation	0.12	-
Closing defined benefit obligation	0.17	-

The principal assumptions used in determining gratuity benefit obligations are mentioned below:

Particulars	March 31, 2024	March 31, 2023
Discount rate	7.22%	-
Future salary increase	8.66%	-
Mortality rate	IALM (2012 - 14)	-
Attrition rate	13.70%	-

YARROW INFRASTRUCTURE PRIVATE LIMITED**Notes to the financial statements for the year ended March 31, 2024****(All amounts in Indian Rupees millions, unless otherwise stated)**

Expected contributions to defined benefit plan within the next 12 months is Rs. 0.07 million (March 31, 2023: Nil).

Estimates of future salary increases, considered in actuarial valuation, takes into account inflation, seniority, promotions and other relevant factors, such as supply and demand in the employment market.

Significant actuarial assumptions for determination of defined obligation are discount rate and future salary increase. The sensitivity analysis below has been determined on reasonable possible changes of the respective assumptions occurring at the end of year, while holding all other assumptions constant.

Particulars	March 31, 2024	March 31, 2023
Impact of the change in discount rate		
0.5% increase	(0.01)	-
0.5% decrease	0.01	-
Impact of the change in future salary increase		
0.5% increase	0.01	-
0.5% decrease	(0.01)	-

The sensitivity due to change in mortality rate and attrition rate are not material and hence impact of such change is not calculated.

Expected cash flows for the following years:

Year	March 31, 2024	March 31, 2023
Within 1 year	0.01	-
1-2 years	0.02	-
2-3 years	0.02	-
3-4 years	0.02	-
4-5 years	0.02	-
5-6 years	0.01	-
6 years onwards	0.08	-

Defined contribution plan - Contribution to provident fund

Defined contribution plan	For the year ended March 31, 2024	For the year ended March 31, 2023
Contribution to provident fund (excluding administration and EDLI charges)	0.16	-

37. Micro and small enterprises

Dues to micro and small enterprises have been determined to the extent such parties have been identified on the basis of information collected by the Company. In terms of notification no. G.S.R. 719(E) dated November 16, 2007 issued by the Central Government of India; the disclosure of payments due to any supplier as at March 31, 2024 are as follows:

Particulars	March 31, 2024	March 31, 2023
(i) the principal amount remaining unpaid to supplier as at the end of the year	12.81	0.01
(ii) the interest due on the principal remaining outstanding as at the end of the year	-	-
(iii) the amount of principal paid under the Micro, Small and Medium Enterprises Development Act, 2006, beyond the appointed day during the year	-	-
(iv) the amount of interest paid under Section 16 of the Micro, Small and Medium Enterprises Development Act, 2006, beyond the appointed day during the year	-	-
(v) the amount of interest due and payable for the period of delay in making payment (which has been paid but beyond the appointed day during the year) but without adding the interest specified under the Micro, Small and Medium Enterprises Development Act, 2006	-	-
(vi) the amount of interest accrued and remaining unpaid at the end of the year	-	-

YARROW INFRASTRUCTURE PRIVATE LIMITED**Notes to the financial statements for the year ended March 31, 2024****(All amounts in Indian Rupees millions, unless otherwise stated)**

Particulars	March 31, 2024	March 31, 2023
(vii) the amount of further interest remaining due and payable even in the succeeding years, until such date when the interest dues as above are actually paid to the small enterprise, for the purpose of disallowance as a deductible expenditure under the Micro, Small and Medium Enterprises Development Act, 2006	-	-

38. Related party disclosures**a) Names of related parties and related party relationship****Related parties where control exists**

YARROW INFRASTRUCTURE PRIVATE LIMITED**Notes to the financial statements for the year ended March 31, 2024**
(All amounts in Indian Rupees millions, unless otherwise stated)

Outstanding balances are unsecured and their settlement occurs in cash. The terms of transactions with related parties are at arm's length.

The Company has received letter of support from its intermediate holding company for meeting any financial and operational requirements which might arise for the Company to meet its obligations and continue to operate as going concern.

39. Segment information

The Company is currently operating 120 MW renewable energy projects. This is the only activity performed and is thus also the main source of risks and returns. Hence, the Company has a single reportable segment. The Board of Directors of the Company has been identified as the chief operating decision maker (CODM) as defined by Ind AS 108 'Operating Segments' who reviews and assesses the Company's performance.

Further, the Company operates within India and does not have operations in economic environments with different risk and returns. Hence, it is considered operating in single geographical segment.

During the year ended March 31, 2024 and year ended March 31, 2023, the entire revenue appearing in the financial statements is generated from customers who contribute more than 10% of the revenue.

40. The Company is required to spend on activities related to Corporate Social Responsibility (CSR) an amount of Rs. 4.44 million (March 31, 2023: Rs. 0.50 million). The CSR expenditure spent during the year is mentioned below:

Particulars	Amount paid	Amount yet to be paid	Total
Construction/acquisition of any asset	-	-	-
	(-)	(-)	(-)
Others	4.44	-	4.44
	(0.50)	(-)	(0.50)

Figures in bracket relates to previous year.

Nature of CSR activities incurred during the year: Rural development projects and community awareness programs and development programme.

41. Contingent liabilities and capital commitments**A. Claims against the Company not acknowledged as debt in respect of**

Contingent liabilities as on reporting date related to ongoing litigation under tax matters is Nil (March 31, 2023: Nil).

During the earlier years, the fellow subsidiaries of the Company viz. Sepset Constructions Limited, Vector Green Prayagraj Solar Private Limited, Citra Real Estate Limited, Priapus Infrastructure Limited and Malwa Solar Power Generation Private Limited got their NCDs listed on BSE. As part of the Information Memorandum and Debenture Trust Deed, the Company has given Corporate Guarantee jointly with others in favour of other fellow subsidiary companies for the NCDs listed by them under the Information Memorandum. The Guarantee (jointly) is to the extent of the NCDs issued by the above-mentioned fellow subsidiary companies aggregating to Rs. 5,582.20 million (March 31, 2023: Rs. 6,560.00 million) and subject to the cash surplus available with the Company.

The Company is exposed to the principal risk of credit default by the beneficiary company on whose behalf the guarantees were given to third parties. To mitigate this risk, the Company continually monitors the risk and has established processes including performing credit evaluations of the beneficiary company it is providing the guarantee on behalf of. As on Balance Sheet date, there is no such adjustment required to be made in respect of the above obligations.

B. Capital commitments

Estimated value of contracts (net of advances) remaining to be executed on capital account and not provided for is Rs. 5.38 million (March 31, 2023: Nil).

YARROW INFRASTRUCTURE PRIVATE LIMITED

Notes to the financial statements for the year ended March 31, 2024

(All amounts in Indian Rupees millions, unless otherwise stated)

42. In the earlier years, the Company had claimed an amount of Rs. 124.95 million from the customer towards excess taxes incurred on the project costs, under the 'change in law' clause (due to change in tax regime from Service tax to Goods and Services tax (GST)) as per the power purchase agreement (PPA). Accordingly, the claim amount had been adjusted from property, plant and equipment and shown as other receivables. As per the Central Electricity Regulatory Commission (CERC) order, the Company had received a claim of Rs. 83.46 million which out of the total claim pertained to the period till the date of commercial operation of the plant (COD) in the financial year 2022-23. However, claim amounting to Rs. 41.49 million pertaining to the period post the commercial operation of the plant (COD) remains outstanding as on date. Further, the balance claim pertaining to the period after the date of commercial operation of the plant (COD) has been allowed by CERC but implementation of the said order is subject to the outcome in a similar matter which is pending before the Honorable Supreme Court. Considering the terms of the PPA and other relevant facts of the matter, the management believes that the above matter is not expected to have any material adverse effect on its financial statements.

43. Additional regulatory information as required under Schedule III of Companies Act, 2013

- a. Details of benami property held: No proceedings have been initiated on or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and Rules made thereunder.
- b. Borrowings secured against current assets: The Company has borrowings from the financial institutions on the basis of security of current assets. However, there is no requirement to file quarterly returns or statements with the financial institutions by the Company.
- c. Wilful defaulter: The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority during the current or previous year.
- d. Relationship with struck off companies: The Company has no transactions with any struck off companies under Companies Act, 2013 during the current or previous year.
- e. Compliance with number of layers of companies: The Company is in compliance with the number of layers in accordance with clause 87 of Section 2 of the Act read with Companies (Restriction on number of layers) Rules, 2017.
- f. Compliance with approved scheme(s) of arrangements: The Company has not entered into any scheme of arrangement which has an accounting impact on current or previous year.
- g. Utilisation of borrowed funds and share premium:

(1) The Company has not advanced or loaned or invested funds to any other person(s) or entity(ies), including foreign entities (Intermediaries) with the understanding that the Intermediary shall:

- i. directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (Ultimate Beneficiaries) or
- ii. provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.

(2) The Company has not received any fund from any person(s) or entity(ies); including foreign entities (Funding Party) with the understanding (whether recorded in writing or otherwise) that the Company shall:

- i. directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or
- ii. provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

- h. Undisclosed income: There is no income surrendered or disclosed as income during the current or previous year in the tax assessments under the Income Tax Act, 1961, that has not been recorded in the books of account.
- i. Details of crypto currency or virtual currency: The Company has not traded or invested in crypto currency or virtual currency during the current or previous year.
- j. Valuation of property, plant and equipment, right-of-use assets and intangible assets: The Company has not revalued its property, plant and equipment (including right-of-use assets) or intangible assets or both during the current or previous year.

YARROW INFRASTRUCTURE PRIVATE LIMITED**Notes to the financial statements for the year ended March 31, 2024****(All amounts in Indian Rupees millions, unless otherwise stated)**

- k. Title deeds of immovable properties not held in name of the Company: The Company does not own any immovable properties.
- l. Registration of charges or satisfaction with Registrar of Companies: There are no charges or satisfaction which are yet to be registered with the Registrar of Companies beyond the statutory period.
- m. Utilisation of borrowings availed from banks and financial institutions: The borrowings obtained by the Company from banks and financial institutions have been applied for the purposes for which such loans were taken.
- n. **Financial ratios**

Particulars	March 31, 2024	March 31, 2023	% Variance	Explanation for change in the ratio by more than 25% as compared to previous year
Current ratio	0.20	8.59	(97.71%)	Decrease due to increase in current maturities of long-term borrowings during the current year
Debt-equity ratio	2.24	2.72	(17.65%)	Not applicable
Debt service coverage ratio	1.85	1.73	6.94%	Not applicable
Return on equity ratio	14.34%	10.75%	33.35%	Increase due to increase in other income and decrease in finance costs and depreciation expense
Inventory turnover ratio	0.33	NA	100.00%	Increase due to purchase of inventory during the year
Trade receivables turnover ratio	7.06	5.63	25.30%	Increase due to reduction in average trade receivables
Trade payables turnover ratio	0.10	NA	100.00%	Increase due to purchase of inventory during the year
Net capital turnover ratio	(0.28)	0.46	(161.43%)	Net working capital negative is due to increase in current maturities of long-term borrowings during the current year
Net profit ratio	25.64%	17.15%	49.44%	Increase due to increase in other income and decrease in finance costs and depreciation expense
Return on capital employed	12.51%	10.26%	4.48%	Not applicable
Return on investment	10.58%	7.09%	49.19%	Increase due to increase in other income and decrease in depreciation expense

Refer note 2(a) for impact on going concern in relation to ratios above.

Definition of ratios:

- a. **Current ratio (times)** = Current assets divided by current liabilities.
- b. **Debt-equity ratio (times)** = Total debt divided by total equity.
Debt excludes quasi-equity instrument.
- c. **Debt service coverage ratio (times)** = Earnings before interest, depreciation and tax/ (Interest on borrowings (excluding quasi-equity instrument) + Principal repaid of long-term borrowings except working capital loans within the current year).
- d. **Return on equity ratio (%)** = Net profit after tax divided by average shareholders' equity.
- e. **Inventory turnover ratio (times)** = Consumption of stores, spares and consumables divided by average inventories.
- f. **Trade receivables turnover ratio (times)** = Revenue from operations divided by average trade receivables.

YARROW INFRASTRUCTURE PRIVATE LIMITED

Notes to the financial statements for the year ended March 31, 2024

(All amounts in Indian Rupees millions, unless otherwise stated)

- g. **Trade payables turnover ratio (times)** = Consumption of stores, spares and consumables divided by average trade payables.
- h. **Net capital turnover ratio (times)** = Revenue from operations divided by working capital.
Working capital means current assets minus current liabilities.
- i. **Net profit ratio (%)** = Net profit after tax divided by revenue from operations.
- j. **Return on capital employed (%)** = Earnings before finance costs and tax divided by capital employed.
Capital employed means closing tangible net worth + total debt + deferred tax assets/liabilities.
- k. **Return on investment (%)** = Earnings before finance costs and tax divided by total assets.

44. The Company uses an ERP as its accounting software for maintaining books of account which has an audit trail (edit log) feature and has been operative for the financial year in all relevant transactions as recorded in the accounting software except for the following:

- 1. For modification made by certain users with specific access in which case ERPs audit trail captures only standard changes as per the system design.
- 2. At the database level, based on the advice of the service provider, the audit trail feature was not enabled to capture the direct changes on certain tables for specific access.

However, the Company has mitigating controls in place to detect and ensure that there are no discrepancies observed due to the aforesaid instances.

45. Other accounting policies

a) Current versus non-current classification

All assets and liabilities have been classified as current and non-current on the basis of the following criteria:

Assets

An asset is classified as current when it satisfies any of the following criteria:

- i. it is expected to be realised in, or is intended for sale or consumption, in the Company's normal operating cycle;
- ii. it is held primarily for the purpose of being traded;
- iii. it is expected to be realised within 12 months after the reporting date; or
- iv. it is cash or cash equivalent unless it is restricted from being exchanged or use to settle a liability for at least 12 months after the reporting date.

Current assets include the current portion of non-current financial assets. All other assets are classified as non-current.

Liabilities

A liability is classified as current when it satisfies any of the following criteria:

- i. it is expected to be settled in the Company's normal operating cycle;
- ii. it is held primarily for the purpose of being traded;
- iii. it is due to be settled within 12 months after the reporting date; or
- iv. the Company does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

Current liabilities include current portion of non-current financial liabilities. All other liabilities are classified as non-current.

Operating cycle

Operating cycle is the time between the acquisition of assets for processing/servicing and their realisation in cash or cash equivalents. Based on the nature of services and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current - non-current classification of assets and liabilities.

YARROW INFRASTRUCTURE PRIVATE LIMITED

Notes to the financial statements for the year ended March 31, 2024

(All amounts in Indian Rupees millions, unless otherwise stated)

b) Leases

As a lessee

The Company's lease asset classes primarily consist of leases for land and buildings. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognises a right-of-use (ROU) asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of 12 months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognises the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities include these options when it is reasonably certain that they will be exercised.

The ROU assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

ROU assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. ROU assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortised cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related ROU asset if the Company changes its assessment of whether it will exercise an extension or a termination option.

As a lessor

Lease income from operating leases where the Company is a lessor is recognised in income on a straight-line basis over the lease term. Initial direct costs incurred in obtaining an operating lease are added to the carrying amount of the underlying asset and recognised as expense over the lease term on the same basis as lease income. The respective leased assets are included in the Balance Sheet based on their nature:

c) Income tax

Income tax comprises current tax and deferred tax. It is recognised in the Statement of Profit and Loss except to the extent that it relates to a business combination or an item directly in equity or other comprehensive income (OCI).

Current tax

Current income tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income tax. The tax rates and tax laws used to compute the amount are those that have been enacted or substantially enacted as at the reporting date.

The Company uses estimates and judgements based on the relevant rulings in the areas of allocation of allowances and disallowances which is exercised while determining the provision for income tax.

YARROW INFRASTRUCTURE PRIVATE LIMITED

Notes to the financial statements for the year ended March 31, 2024

(All amounts in Indian Rupees millions, unless otherwise stated)

Current tax relating to items recognised outside profit or loss are recognised in correlation to the underlying transactions either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax liabilities are recognised for all temporary differences. Deferred tax assets are recognised for temporary differences only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. In situations where the Company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognised to the extent that there is reasonable evidence that sufficient taxable profit will be available against which such deferred tax assets can be realised.

Deferred tax is measured at the tax rates that are expected to be applied when the asset is realised or the liability is settled based on laws that have been enacted or substantially enacted by the reporting date.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set-off current tax assets against current tax liabilities and the deferred tax assets and deferred tax liabilities relate to the same taxable entity and the same taxation authority.

Deferred tax relating to items recognised outside profit or loss are recognised in correlation to the underlying transaction either in OCI or directly in equity.

d) Inventories

Inventories which comprise of stores and spares are carried at the lower of the cost or net realisable value after providing for obsolescence and other losses wherever considered necessary. Cost of inventories comprises all cost of purchase and other cost incurred in bringing inventories to their present location and condition. In determining the cost, the weighted average cost method is used.

e) Employee benefits

Short-term employee benefits

All employee benefits expected to be settled wholly within twelve months of rendering the service are classified as short-term employee benefits. The Company recognises the undiscounted amount of short-term employee benefits expected to be paid in exchange for that service as an expense or as required under Ind AS 19 which permits the inclusion of the benefits in the cost to be recognised as an asset. Benefits such as salaries, wages and bonus etc. are recognised in the Statement of Profit and Loss in the period in which the employee renders the related service.

A liability is recognised for the amount expected to be paid after deducting any amount already paid under short-term cash bonus or profit-sharing plans if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee, and the obligation can be estimated reliably. If the amount already paid exceeds the undiscounted amount of the benefits, the Company recognises that excess as an asset/prepaid expense to the extent that the prepayment will lead to, for example, a reduction in future payments or a cash refund.

Defined contribution plan

The Company pays provident fund contributions to publicly administered provident funds as per local regulations. The Company has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefits expense when they are due. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

YARROW INFRASTRUCTURE PRIVATE LIMITED

Notes to the financial statements for the year ended March 31, 2024

(All amounts in Indian Rupees millions, unless otherwise stated)

Defined benefit plan

The Company operates one defined benefit plan for its employees, i.e. gratuity. The amount paid/payable in respect of present value of liability for past services is charged to the Statement of Profit and Loss on the basis of actuarial valuation carried out as per projected unit credit method at the end of the reporting period.

Remeasurements of the net defined benefit liability, which comprise actuarial gains and losses, are recognised in other comprehensive income. All other expenses related to defined benefit plans are recognised in the Statement of Profit and Loss as employee benefits expense. Remeasurements recognised in other comprehensive income will not be reclassified to the Statement of Profit and Loss hence it is treated as part of retained earnings in the Statement of Changes in Equity. Gains or losses on the curtailment or settlement of any defined benefit plan are recognised when the curtailment or settlement occurs. Curtailment gains and losses are accounted for as past service costs.

Compensated absences

The Company has policy of accumulated leave for the employees and amount paid/payable in respect of present value of liability for past services is charged to the Statement of Profit and Loss on the basis of actuarial valuation carried out as per projected unit credit method at the end of the reporting period.

The obligation of compensated absences is presented as current as the Company does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

Bonus plans

The Company recognises a liability and an expense for bonus. The Company recognises a provision where contractually obliged or where there is a past practice that has created a constructive obligation.

f) Trade and other payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of the financial year which are unpaid. The amounts are unsecured and are usually paid within 30 days of recognition. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

g) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

i. Initial recognition and measurement

All financial assets are recognised initially at fair value, plus in the case of financial assets not recorded at fair value through profit or loss (FVTPL), transaction costs that are attributable to the acquisition of the financial asset. However, trade receivables that do not contain a significant financing component are measured at transaction price.

Trade receivables and debt securities issued are initially recognised when they are originated. All other financial assets and liabilities are initially recognised when the Company becomes a party to the contractual provisions of the instrument.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in equity instruments or equity designated instruments that are not held for trading, this will depend on whether the Company has made an irrevocable option at the time of initial recognition to account for the investment through FVOCI.

YARROW INFRASTRUCTURE PRIVATE LIMITED

Notes to the financial statements for the year ended March 31, 2024

(All amounts in Indian Rupees millions, unless otherwise stated)

ii. Financial assets - Classification and subsequent measurement:

(a) Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(b) Financial assets at fair value through other comprehensive income

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(c) Financial assets at fair value through profit or loss

Financial assets are measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognised in the Statement of Profit and Loss.

iii. Financial liabilities - Classification and subsequent measurement:

Financial liabilities are classified as either financial liabilities at FVTPL or other financial liabilities.

(a) Financial liabilities at FVTPL

Financial liabilities are classified as at FVTPL when the financial liability is held for trading or are designated upon initial recognition as FVTPL. Gains or losses on liabilities held for trading are recognised in the Statement of Profit and Loss.

(b) Other financial liabilities

Other financial liabilities (including borrowings and trade and other payables) are subsequently measured at amortised cost using the effective interest method.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts the estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

iv. Derecognition of financial instruments

(a) Financial asset

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the right to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transaction whereby it transfers assets recognised on its Balance Sheet but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

(b) Financial liability

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled or the same expires.

YARROW INFRASTRUCTURE PRIVATE LIMITED

Notes to the financial statements for the year ended March 31, 2024

(All amounts in Indian Rupees millions, unless otherwise stated)

The Company also derecognise a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognised in the Statement of Profit and Loss.

v. Offsetting

Financial assets and financial liabilities are offset and the net amount is presented in the Balance Sheet when, and only when, the Company has a legally enforceable right to set off the amount and intends to settle them on a net basis or to realise the asset and settle the liability simultaneously.

h) Fair value of financial instruments

In determining the fair value of its financial instruments, the Company uses the following hierarchy and assumptions that are based on market conditions and risks existing at each reporting date.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1: Quoted (unadjusted) market prices in active markets for identical assets or liabilities. This includes mutual funds which are valued using the closing Net Assets Value (NAV).

Level 2: Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3: Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

When the fair values of financial assets and financial liabilities recorded in the financial statements cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the discounted cash flow model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk volatility and discount rates. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

i) Impairment

i. Financial assets (other than at fair value)

The Company assesses at each date of Balance Sheet whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses ('ECL') to be measured through a loss allowance. The Company recognises lifetime expected losses for trade receivables including unbilled receivables and contract assets that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the 12-months expected credit losses or at an amount equal to the lifetime expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

Any specific allowance for doubtful debts/advances or impairment of an assets is made by considering relevant available information as may be available.

ii. Non-financial assets

Property, plant and equipment and intangible assets with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset

YARROW INFRASTRUCTURE PRIVATE LIMITED

Notes to the financial statements for the year ended March 31, 2024

(All amounts in Indian Rupees millions, unless otherwise stated)

does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit ('CGU') to which the asset belongs.

If the recoverable amount of an asset or CGU is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in the Statement of Profit and Loss.

An assessment is made at each reporting date as to whether there is any indication that previously recognised impairment losses may no longer exist or may have decreased. If such indication exists, the Company estimates the asset's or cash-generating unit's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset neither exceeds its recoverable amount, nor exceeds the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the Statement of Profit and Loss unless the asset is carried at a revalued amount, in which case the reversal is treated as a revaluation increase. Goodwill has indefinite useful life and tested for impairment annually.

j) Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

The expense relating to a provision is presented in the Statement of Profit and Loss, net of any reimbursement. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. The unwinding of discount is recognised in the Statement of Profit and Loss as a finance cost. Provisions are reviewed at the end of each reporting period and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of resources would be required to settle the obligation, the provision is reversed.

k) Contingent liabilities

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

l) Earnings per share

Basic earnings per share (EPS) is calculated by dividing the net profit for the period attributable to the shareholders of the Company by the weighted average number of equity shares outstanding during the year.

Diluted EPS is calculated by dividing the net profit for the period attributable to the shareholders of the Company (after adjusting for interest on the dilutive potential equity shares, if any) by the weighted average number of equity shares outstanding during the year plus the weighted average number of equity shares that would be issued on conversion of all the dilutive potential equity shares into equity shares.

m) Statement of Cash Flows

Cash flows are reported using the indirect method, whereby profit or loss for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

YARROW INFRASTRUCTURE PRIVATE LIMITED

Notes to the financial statements for the year ended March 31, 2024

(All amounts in Indian Rupees millions, unless otherwise stated)

n) Cash and cash equivalents

Cash and short-term deposits in the Balance Sheet comprise balances with banks, cash on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value. Bank overdrafts that are repayable on demand and form an integral part of the Company's cash management are included as a component of cash and cash equivalents for the purpose of the Statement of Cash Flows.

As per our report of even date attached.
